

Maple Grove Science Fair “Mountains & Matter” Will be on Friday, May 3, 2013

*A fun – and empowering – way for students K-6 to explore
the science they encounter each and every day.*

Students, we need your original design for this year’s science fair logo!

All Maple Grove students are invited to submit a logo design for the theme “Mountains & Matter.” **Designs are due to your teacher by Friday, March 15.** A school-wide vote will select the winning logo, which will be printed on science fair promotional materials, programs and t-shirts. The winning designer receives a free t-shirt!

Please follow these guidelines carefully:

- * The design must follow the theme “Mountains & Matter”
- * **The design can include only two ink colors and one background paper color**
- * Use a sheet of plain white or solid colored paper. Paper must be 8.5 x 11.
- * Use pencils, pastels, ink, or markers – **NO CRAYONS** (crayons do not print well on t-shirts).
- * Do not use computer generated designs or lettering.
- * Submit only ONE design per student.
- * All designs must be the ORIGINAL work of the student.
- * **BE CREATIVE!** Have fun with it!
- * Turn in your design to your teacher no later than Friday, March 15.
- * **IMPORTANT: ON THE BACK OF THE DESIGN ENTRY, USE A PENCIL TO WRITE SCIENCE FAIR 2013, STUDENT NAME, GRADE, AND TEACHER**

Look for science fair registration and additional details in the coming weeks!
To volunteer, or with questions about the fair or logo design contest, please call Science Fair Chair Betsy Hunsicker at 303-725-6120.
