

# Snapology

***These classes are held at:  
Maple Grove Elementary  
2:40-3:40 PM  
Every Wednesday  
1/16/19 to 5/15/19***

SHHHHHH  
**DONT TELL THEM**  
ITS EDUCATIONAL!

## **KINDERBOTS**

**GRADES K-1st**

**\$75/child for January 16<sup>th</sup>-Febraury 13<sup>th</sup>**

Children will begin to explore the world of robotics as they build simple models that teach the fundamentals of robotic design. Whether learning about sensors while building drills and magic wands, or discovering ways that gears and pulleys create movement while building helicopters and robotic dogs, your child is sure to have a great time.

## **AMUSEMENT PARK ENGINEERING**

**GRADES 2<sup>nd</sup>-5<sup>th</sup>**

**\$75/child for January 16<sup>th</sup>-Febraury 13<sup>th</sup>**

In Snapology's Amusement Park Engineering, students get to become designers of their own amusement park rides, building a different ride each week under guided instructions with room for creativity, too. They will learn physics and engineering concepts and will be associating these concepts with real-life scenarios in no time, building their confidence in STEM disciplines!

## **BASIC ENGINEERS**

**GRADES K-1st**

**\$75/child for February 20<sup>th</sup>-March 20<sup>th</sup>**

Learn about engineering concepts associated with simple machines! We will build fun, motorized models that involve gears, axles, pulleys, levers, and more. Work in teams under guided instruction to build a different model each week using LEGO® bricks, while focusing on a different engineering concept each week. Your child will be associating these concepts with real-life scenarios in no time, building their confidence in STEM disciplines!

## **SPACE WARS ROBOTICS**

**GRADES 2<sup>nd</sup>-5<sup>th</sup>**

**\$75/child for February 20<sup>th</sup>-March 20<sup>th</sup>**

Robotics inspired by Star Wars® and space travel! Come on an adventure building and programming functional robots using LEGO® bricks in this super-fun program. Learn about space, space travel and, of course, Star Wars®! Build different robots each day!

## **ESCAPE SNAPOLOGY**

**GRADES K-5<sup>th</sup>**

**\$105/child for April 3<sup>rd</sup>-May 15<sup>th</sup>**

Students will be divided up by grade. The older the grade, the more challenging escape. Each week of this class, teams will have 45 minutes to discover clues, solve puzzles, answer riddles, and manipulate contraptions to complete the assigned tasks and to ultimately unlock the box to escape Snapology! Using math skills, and critical thinking skills, students will be required to work together to succeed in escaping Snapology.
